Rotary Hammer with SDS max

## PRO GBH 8-45 D

All-round performer in Bosch's SDS max rotary hammer category

### The most important data

|                                           |            |
|-------------------------------------------|------------|
| Rated input power                         | 1,500 W    |
| Impact energy                             | 12.5 J     |
| Drilling dia. concrete, hammer drill bits | 12 – 45 mm |

**Order number** 0 611 265 1L0

## Technical data

### Performance data

|                            |                   |
|----------------------------|-------------------|
| Impact rate at rated speed | 1,380 – 2,720 bpm |
| Rated speed                | 150 – 305 rpm     |

### Additional data

|                   |         |
|-------------------|---------|
| Rated input power | 1500 W  |
| Impact energy     | 12.5 J  |
| Weight            | 8.2 kg  |
| Tool holder       | SDS max |

### Drilling range

|                                                 |            |
|-------------------------------------------------|------------|
| Drilling dia. concrete, hammer drill bits       | 12 – 45 mm |
| Opt. appl. range concrete, hammer drill bits    | 20 – 40 mm |
| Drilling dia. concrete, breakthrough drill bits | 80 – 80 mm |
| Drilling diameter in concrete with core cutters | 125 mm     |

## Noise/vibration information

### Hammer drilling in concrete

|                             |                       |
|-----------------------------|-----------------------|
| Vibration emission value ah | 18.5 m/s <sup>2</sup> |
| Uncertainty K               | 1.5 m/s <sup>2</sup>  |

### Chiselling in concrete

|                             |                      |
|-----------------------------|----------------------|
| Vibration emission value ah | 14 m/s <sup>2</sup>  |
| Uncertainty K               | 1.5 m/s <sup>2</sup> |

**BOSCH**

Invented for life

# Product data sheet

Power tools for trade & industry

---

## Advantages:

- Perfect power-to-weight ratio for performing many SDS max tasks
- Durable due to robust metal components
- Powerful motor enables the delivery of 12.5 J of impact energy for fast drilling and high removal rate

**HEAVY  
DUTY**

---
