

DATA SHEET

Product Code: KEN5183210K

Brand : Kennedy

300mm/12" FLEXIBLE RUSTLE SS RULE ROUND END

Product Information :

The range of Kennedy round end engineers rulers are made from spring tempered flexible steel blades with permanent black figures and graduations. With rustless properties and 12mm blade width and a satin chrome anti-glare finish they are extremely easy to read with EEC Class one accuracy (\pm 0.2mm full scale). Features a handy hanging hole for easy storage.
